Partnership models

- **Company-led** or branded programs where volunteer organisations / NGOs may engage to provide supporting infrastructure
- **NGO-led programs** where companies / employees may engage through employee volunteering or contribution of other resources. Usually supported by employee volunteering / CSR manager
- **Joint programs** where NGO and company or a group of partners come together to build a targeted program. Usually supported by employee volunteering / CSR manager
- **Employee volunteer-led** partnerships. May involve some or very little employer support. Driven by employee volunteer personal motivation
